

# Delta Vision Overview

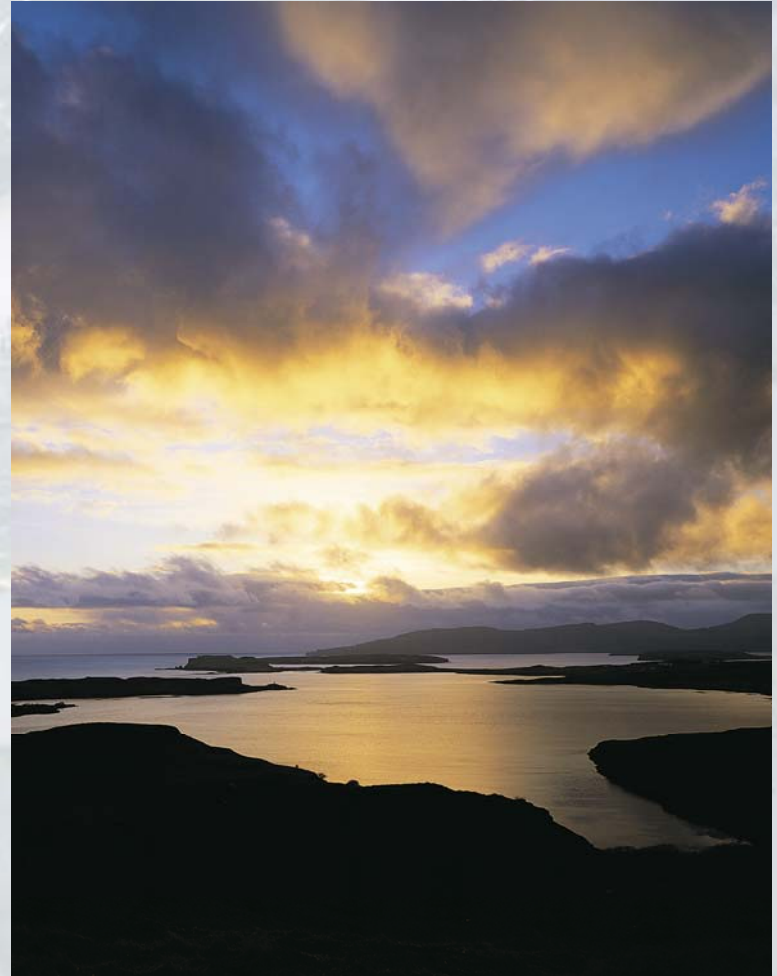

Presented to  
Delta Vision Committee

November 27, 2006

# Delta Vision Purpose

Recommend a vision for sustainable management of the Delta in a manner that would continue to provide the ecosystem functions and values and economic services vital to the people of California

# Need for Delta Vision

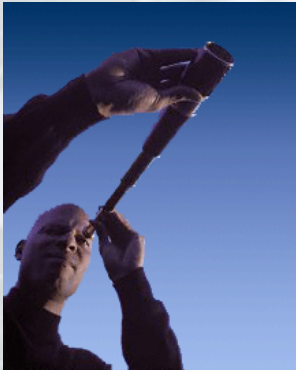

Growing recognition that current uses in the Delta are not sustainable over the long term, considering current management practices and regulatory requirements

# Delta Vision Products

## Vision

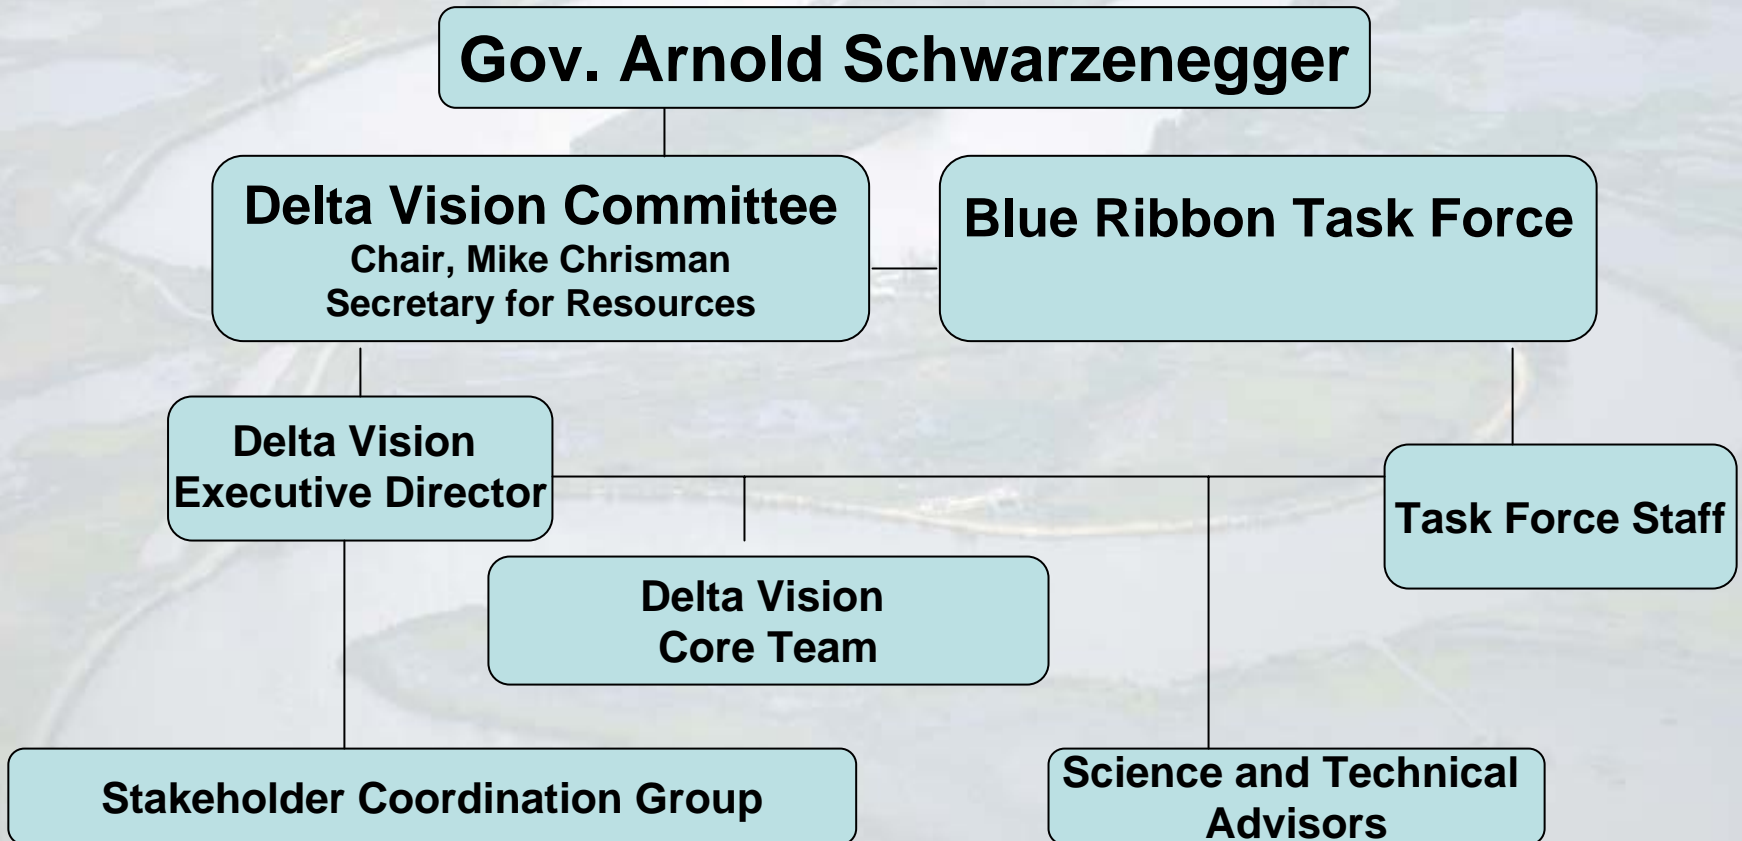

- A vision for a sustainable Delta that recommends priority uses and services that should be protected and managed in a sustainable manner
  - Due 1/1/08

## Strategic Plan

- Recommended measures necessary to implement Vision recommendations and achieve a sustainable Delta
  - Due 12/31/08
